# Welcome to One Day Creative.

We're the forward-thinking nationwide creative education company that connects children and learning with creativity and imagination. Using the performing arts, our mission is to empower young people – helping both primary pupils and teachers access the creativity in their curriculum.

Our engaging primary school workshops come in two forms:

**in-person** and **online**.

Browse this brochure for all available options.

## In-school workshops

Opt for an in-school workshop and a talented One Day facilitator will visit your school, bringing your chosen topic to life through drama, discussion and movement.

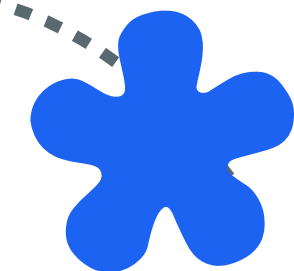

There are 100+ workshops to choose from, covering important school events like Anti-Bullying Week and Safer Internet Day, as well as a year-round roster of History, Literacy, PSHE and World Culture workshops.

## Online workshops

Schools can access online versions of many of our most popular workshops, via Uno. Uno is our easy-to-use video library, packed with presenter-led workshops for primary pupils.

History drama days? STEM singalongs? Anti-Bullying activities? They're all ready to play at the click of a button! Plus, informative Teacher Guides that make lesson planning easier than ever.

## The Great Fire of London

A fire that burned across London... can you even imagine a fire that big?!

Using role play and drama, journey back in time to the fateful night of the Great Fire of London. Especially for KS1 children, this history workshop uncovers the Great Fire of London timeline, key characters and how this disaster made 1666 a year to remember, forever.

-  Guy Fawkes
-  History of the Olympics
-  History of Transport
-  Indus Valley
-  Kingdom of Benin

-  Titanic
-  Tudors
-  The Victorians
-  The Vikings
-  World War 1
-  World War 2

" It was very well led and engaging which allowed all the children to be creative. The atmosphere created was calm and the children felt very comfortable to participate. Adding the background music was helpful to create the atmosphere. The pupils particularly enjoyed the timeline drama, which added to their knowledge and allowed facts to be memorised in a creative manner . "

### **Be Kind Online**

Can the things we say and do online affect other people's feelings?  
Of course they can!

In this interactive Anti-Bullying workshop, KS2 pupils will explore the importance of being kind online. With social media and online gaming an integral part of life today, we use themed activities and role play to introduce pupils to the ways in which online bullying can manifest.

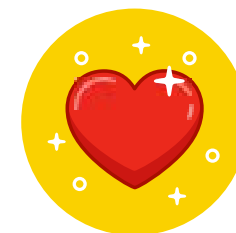

From the positives of the digital world to the possible dangers, your pupils will leave clued up and ready to champion being kind online!

"The children engaged instantly and really had fun. I liked the focus on being kind and positive rather than focusing on bullying. The best Anti-Bullying workshop that we've had!"

'Power for Good' is the official theme for Anti Bullying Week 2025

### **Power For Good**

Every choice we make plants a seed. In this creative Anti-Bullying Week workshop, pupils explore the 2025 theme 'Power For Good' by reflecting on how small, positive actions can blossom into something much bigger.

Through drama activities, guided role play and collaborative storytelling, children will uncover how kindness and responsibility take root in everyday life to shape the world we grow in. We'll look at what it means to be a trusted friend, an inclusive classmate and a role model others can rely on. This is a calm, thoughtful workshop that helps pupils see the part they play in growing a supportive school community – one where they can thrive.

## Science & Geography

-  Arctic and Antarctic
-  Forces and Magnets
-  Living Things (Celebrating 100 Years of David Attenborough)
-  Only One Earth (Environment)
-  Our Diverse World
-  Rain to Drain - Water Cycle
-  Rainy Rainforest

### Earthquakes and Volcanoes

Hundreds of earthquakes shake the earth every day – some big, some small, some enormous! Meanwhile, boiling lava erupts from volcanoes around the world. But what are earthquakes and volcanoes? What causes them to happen? How do humans protect themselves? Let's find out in this KS2 Earthquakes & Volcanoes workshop! An ideal workshop for schools all year round or for British Science Week.

-  African Adventure
-  African Drumming
-  Brazilian Samba Drumming
-  Chinese Ribbon Dance
-  Christmas Around the World
-  Dance Carnival Brazil

### Religious Festivals

Religious Festivals is an action-packed journey through four unique celebrations observed by four different faiths: Lent, Eid, Hanukkah and Vaisakhi. These four 1-hour workshops can be delivered to the same class or you can pick 'n' mix to deliver different workshop focuses for up to four different classes. Bring unique religious customs to life through the performing arts and develop a deeper understanding of cultures and traditions from around the world.

## World Culture

-  Diwali
-  Flamenco and Spanish Dance
-  Holi Festival
-  Japanese Fan Dance
-  Ola Brazil
-  Ramayana Dance

"It was active and engaging. It taught the children a lot about Hinduism, not just about Holi. It was accessible for everyone. The facilitator was excellent. Many of my colleagues commented on what an enjoyable time they had."

## Jungle Book

Deep in the jungle the animals live, play and hunt. But what happens when they come across a man-cub in their territory? Let's open The Jungle Book and jump into a wild adventure on this literacy workshop for KS1 and KS2. Can you stick to the laws of the jungle? What'll you do when you come faceto-face with the ferocious Shere Khan?

There's only one way to find out! An ideal workshop for schools all year round or for World Book Day.
